Footprints

One night a woman had a dream. She dreamed she was walking along the beach with the LORD. Across the sky flashed scenes from her life. For each scene, she noticed two sets of footprints in the sand; one belonged to her, and the other to the LORD.

When the flashed before her, she looked sand. She noticed that many life there was only one set of that it happened at the very her life. This really bothered LORD about it. "LORD, you follow you, you'd walk with

noticed troubleso in my life, only one

footprints. I don't understand why when I needed you most you would leave me."

The LORD replied, "My precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."
