Virtuous Woman - Proverbs 31:10-31

A wife of noble character who can find? She is worth far more than rubies.
Her husband has full confidence in her and lacks nothing of value.
She brings him good, not harm all the days of her life.
She selects wool and flax and works with eager hands.
She is like the merchant ships, bringing her food from afar. She gets up while it is still night;
she provides food for her family and portions for her female servants.
She considers a field and buys it; out of her earnings she plants a vineyard.
She sets about her work vigorously; her arms are strong for her tasks.
She sees that her trading is profitable, and her lamp does not go out at night.
In her hand she holds the distaff and grasps the spindle with her fingers.
She opens her arms to the poor and extends her hands to the needy.
When it snows, she has no fear for her household; for all of them are clothed in scarlet.
She makes coverings for her bed; she is clothed in fine linen and purple.
Her husband is respected at the city gate, where he takes his seat among the elders of the land.
She makes linen garments and sells them, and supplies the merchants with sashes.
She is clothed with strength and dignity; she can laugh at the days to come.
She speaks with wisdom, and faithful instruction is on her tongue.
She watches over the affairs of her household and does not eat the bread of idleness.
Her children arise and call her blessed; her husband also, and he praises her:
“Many women do noble things, but you surpass them all.”
Charm is deceptive, and beauty is fleeting; but a woman who fears the LORD is to be praised.
Honor her for all that her hands have done, and let her works bring her praise at the city gate.

Letting Go

God saw you getting tired.
When a cure was not to be,
He closed his arms around
you and whispered,
"Come to Me".

In tears we saw you sinking.
We watched you fade away.
Our hearts were almost broken,
you fought so hard to stay.
But when we saw you sleeping
so peacefully free from pain,
We could not wish you back to suffer so again.
So keep your arms around her GOD,
and give her special care.
Make up for all her suffered
and all that seemed unfair.

Obituary

A Time to Be Born

Christine W. Stubbs was born Christine Williams on December 25, 1949 in Summerville, SC to the late Christopher Crummy and Sally Williams. Christine or ("Tine" or "Chris") as she was affectionately referred to, was the sixth of eight children born to Sally Williams. She attended the Dorchester County School System in South Carolina and graduated from high school in 1967. She furthered her education at Trident Technical College in Charleston, SC in which she received an Associate Degree in Chemical Engineering and in 1971, she continued to further her education by enrolling in Howard University and graduating with a Bachelors Degree in Chemical Engineering.

A Time to Love

Prior to enrolling in Howard, Chris met and married the love of her life, Jessie L. Stubbs, Sr. on December 19, 1971. This glorious marriage spanned 42 years and produced three children, Jesse Jr., Nyieka and Ayisha Stubbs. The family eventually settled in New Jersey and Tine became a member of The Mount Olive Baptist Church on Easter Sunday in 1977. While a member of Mount Olive, she served in the Choir and as a Trustee. In the early 90's, the family relocated to Albany, GA, returning to New Jersey in 1996 and subsequently relocating again in 2005 to San Mateo, CA.

A Time for Every Purpose Under The Heaven

During her life, Tine displayed a truly loving heart, an infectious smile and a steadfast Christian spirit that enabled her to always have a positive word for anybody that she came in contact with. These attributes allowed her to accumulate many notable accolades, as she was the first woman in the history of Howard University to graduate with a degree in Chemical Engineering. In a professional capacity, she received the Black Engineer of the Year Award in 1993 for her continued dedication to the field of Chemical Engineering.

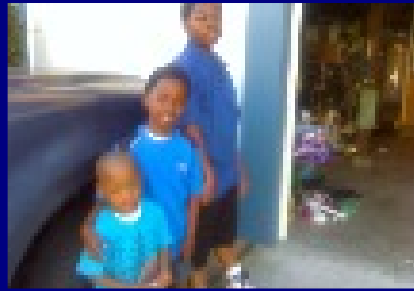

Throughout a professional career that spanned almost 40 years with companies the like of Exxon/Mobil, Merck and Genentech, Chris held some of the most senior roles in these respective organizations and was a constant advocate for women's rights, equal opportunities for qualified minorities and an active recruiter of minority students through her affiliation with the National Society of Black Engineers ("NSBE").
