Love Like No Other

A poem dedicated to the life of Dusuan Brown

**Brother 2 Brother love like no other love from the root
The root of life which is our mother our relationship was a love and
hate even in hate there was always love it can never be replaced
My Brother who would have my back anytime any place
Right or wrong we rode for our team**

**Brother 2 Brother love like no other older brother you played your
part sometimes it was brother and father but you only did what was in
your heart even when we didn't see eye to eye I'd love you a million
times harder if I realized I would have to say goodbye**

**Brother 2 Brother love like no other letting you go is more than I can
bare but I know my brother will be waiting for me there while you are
waiting I will represent your life for when they see me they will see you
Your name will forever be spoken your legacy will never die
Brother to you I speak this testament in this life you will know what
you meant to me even this poem won't be enough**

**Brother 2 Brother love like no other
From the womb 2 the tomb
Your time has come and Heaven has made room
I know you will look down on us all
From today until we meet again
Rest in Peace Dusuan my brother
My Backbone, My Rock, My Friend!**
