*God, I Cannot See Your Face,
But My Heart Knows You Are Here*

I feel you hand upon me when I am in need
And my soul hears you whispering "peace be still"
When the storms of this world threaten me.

I look and your work is easy to see
And I praise you for the miracles given to me.

Others may believe what they wish, but as for me
There is no doubt at all in my mind:
You were with me yesterday,
You are with me today, tomorrow
And for all eternity.

Amen
