Dear Dada, As I sit here with this pen in my hand and eyes full of tears, this all seems surreal. During one of our last conversations in the hospital, I told you that "it was good to see your face and that I love you". I Never thought that when you replied back "Its good to see your face too and I love you" That this would be one of our last times that I would get to hear your voice. I just want to thank you for just being you and always being there for your family. No matter how big or small the task was. You were there to make sure we were taken care of. Although my heart is heavy, it is filled with memories that are forever stamped in my heart. Thank you for giving me and "your boys" Unconditionally and for always being present. I know this is a journey we all have to take, so this is not goodbye just a see you later. For this short time that we are separated by time and space, continue to watch over us and guide us. P.S. I know there's a car up there with your name on it. Love Always & Forever, Camell

*Papa, We will always miss you. When AJ and I wanted something you always got it for us. You will always be loved. Rest in peace papa,
Love, Trevor*

To Those Whom I Love & Those Who Love Me

When I am gone, release me, let me go.

I have so many things to see and do,

You mustn't tie yourself to me with too many tears,

But be thankful we had so many good years.

I gave you my love, and you can only guess

How much you've given me in happiness.

I thank you for the love that you have shown,

But now it is time I traveled on alone.

So grieve for me a while, if grieve you must,

Then let your grief be comforted by trust.

It is only for a while that we must part,

So treasure the memories within your heart.

I won't be far away for life goes on.

And if you need me, call and I will come.

Though you can't see or touch me, I will be near.

And if you listen with your heart, you'll hear,

All my love around you soft and clear.

And then, when you come this way alone,

I'll greet you with a smile and a 'Welcome Home'.
